

# European ISELP Module

## *Pelvis*

**September 6th - 8th 2018**

Sporthorse Medical Diagnostic Centre

Heesch, The Netherlands, August 2018

Dear sponsor of our conference,

First of all we want to let you know that we really appreciate your attendance at our upcoming ISELP module at our facility in Heesch, The Netherlands, this year.

Hereby we want to give you some information regarding this event:

### Expectations

We have around 100 participants (equine veterinarians), excluding 11 instructors, from all over the world. All of them are (or are willing to become) experts in the field of equine orthopedics.

Our module will cover three days about the Pelvis of the horse. This in depth seminar consists of two theoretical days (including a live dissection and a live ultrasound wetlab demonstration) and one wetlab day (where all participants have to practice their ultrasound-skills on a living horse).

On Friday evening there will be a Brazilian BBQ, with party and cocktailbar, for all sponsors and participants.

### Exhibition room

There is one large room provided where all sponsors can exhibit their products. In this room breakfast, lunch and coffeekbreaks will take place to get the maximum interaction between participants and sponsors.

### Lecture room

The lecture room is off limit for sponsors due to limited space. Please also note that it is not possible to follow the lectures without being a registered (paid) participant.

### Establishment exhibition areas

The exhibition room will be open for you from 01.00pm on Wednesday (September 5<sup>th</sup>) afternoon and will close around 5.00pm. Of course you can also set-up early Friday morning, but be aware that breakfast will be provided to all participants at 7.00am!

I.S.E.L.P

### Exhibition set-up

#### NOTICE!!

This year exhibition stands will be provided with light and electricity. For the lay-out of these stands please carefully read the attached map. Furniture can be rented additional with the attached form (we need to know your final wishes before September 1<sup>st</sup> 2018). Attached in this email is a map provided so every sponsor (global or module) can find their designated place in the exhibitions room. Due to organizing and safety reasons we assume that everyone respects this plan.

The size of these stands is final: this cannot be changed!

For all sponsors a normal table and two chairs will be provided, in case they do not want to order furniture.

SMDC ISELP wifi: no password needed

### Exhibition opening hours

Thursday from 06.30 am until 07.00pm and Friday from 06.30 am until 06.00pm (on Friday dinner-setting has to be arranged, so we need to stop with exhibition earlier). On **Saturday there is no exhibition.**
